PRELIMINARY AMENDMENT

Commissioner for Patents Washington, D.C. 20231

Dear Sir:

Preliminary to examination of the above-captioned patent application, please amend the application as follows:

IN THE SPECIFICATION:

Please amend the specification as follows (a marked-up copy of the amended specification is attached to this Amendment):

Please replace the paragraph on page 1, lines 10-17, with the following paragraph.

BACKGROUND OF THE INVENTION

Methods to crosslink biomolecules such as proteins, oligonucleotides and carbohydrates to each other, to radioactive and non-radioactive metal chelates, to drugs and to surfaces have allowed development of both <u>in vitro</u> and <u>in vivo</u> diagnostic assays as well as <u>in vivo</u> therapies. A wide variety of methods have been developed and reviewed (Greg T. Hermanson, <u>Bioconjugate Techniques</u>, Academic Press).
